

Steve Hanlon and Noel Delaney *Your Local Labour candidates in Scott Ward*

Steve and Noel are delighted to be the TWO Labour candidates for Scott Ward in the local elections on May 6th.

'Why are there TWO local Labour candidates up for election this time?', you may ask.

It's a fair question. The Tories at West Lancashire Borough Council haven't even had the courtesy to let people know that there's also a by-election caused by a Tory councillor resigning his seat.

We don't know why he resigned, but we do know the Tories are a mess when it comes to representing the people of Ormskirk.

Not only does their Ormskirk county councillor live in Parbold, now they're treating Scott like some kind of family fiefdom parachuting a relative in from the other side of Skelmersdale.

Steve says:

"If elected to serve the people of Scott, I'll be working hard with Noel to ensure that the £23 million that the Tory council has stashed away in reserves, at the same time as it has been slashing services, is put to the service of people of Scott Ward, Ormskirk and West Lancashire.

NOEL DELANEY is a regular face around Ormskirk, where he has lived for 40 years. He currently lives in Bath Springs Court.

Noel says:

"If elected, I'll be working hard with Steve to ensure that the people of Scott get served by the council, not ignored. I'll be out there, listening to people about the things that really matter, and acting in the interests of local people."

Tory Housing Policy lets down everyone

This is the Tories' attitude to housing in West Lancashire.

Not much there, is there?

This is the site on Derby Street, where the Tories demolished perfectly good housing as part of its vanity project for a new town hall.

As part of this project, they promised brand new, affordable housing on the site alongside their spanking new offices.

As you can see, they've failed. The Tories' planning application for the new offices broke the council's own policies on affordable housing - *a policy that the rest of us have to abide by.*

The Tories have let down the people of Ormskirk.

The people of West Lancashire have been betrayed by the Tories.

The Tories at the council have:

Hoarded £23 million in reserves while cutting more than 60 jobs. *That's around 10% of the workforce.*

Lied about their rating by the Audit Commission.

Come 4th bottom in England in a housing league table published by the charity Shelter, preferring to build new council offices instead of houses.

Totally **failed** to deliver on their Skelmersdale town centre promises.

Failed children in West Lancashire on free swimming.

Failed older people in West Lancashire on free travel.

Failed everyone in West Lancashire on winter gritting.

Failed everyone in West Lancashire on waste plans.

Failed to make space for a new railway station in the Skelmersdale town centre plan.

Failed to deliver a local bus scheme despite spending thousands in taxpayer money on consultants.

Our commitment to you – a fairer West Lancs for all

If Labour gains control of the council administration, we will:

Introduce free swimming for children 16 and under, *denied you by the Tories.*

✓ Set about introducing free rail travel for older people, *denied you by the Tories.*

Invest properly to improve Ormskirk's historic Market and stand up for our town.

✓ Invest in public and affordable housing, *which the Tories have ignored.*

✓ Be transparent with voters about the level of reserves hoarded by the council (£23 million) and how they should be used.

Reduce pest control and bulky waste collection charges *imposed by the Tories*, and phase them out totally the year after.

✓ Get on with improving rail and bus services across West Lancashire, *which the Tories have ignored.*

Get on with delivering Skelmersdale Town Centre, *which the Tories have promised for five years but failed to deliver.*
